2021 'ASTORS' Champion: *D-Fend Solutions*

D-Fend Solutions
- **EnforceAir**
- *Best Persistent Aerial Monitoring Solution*

Homeland security faces a wide variety of scenarios and **drone threats**, so the **EnforceAir** anti-drone system features **counter-drone**, **cyber**, radio frequency (RF)-based **takeover** technology to provide users with operational agility and flexibility.

EnforceAir detects, locates, and identifies **rogue drones** in your airspace and then **neutralizes the threat** by allowing you to take full control over the drone and land it safely in a predefined zone.

EnforceAir avoids **collateral damage**, **interference**, **disruption**, and **disturbance**, and continuity prevails as com**munications**, **commerce**, **transportation**, and **everyday life** smoothly proceed.

EnforceAir enables personnel to go **anywhere at any time**.

(The EnforceAir anti-drone system, automatically executes radio frequency, cyber takeovers of rogue drones for safe landings and safe outcomes. Courtesy of D-Fend Solutions and YouTube.)
